Extended Range Weather Forecast

Date: - 05.11.2026

Weather Forecast and Warning for two weeks w.e.f. 06th November, 2026

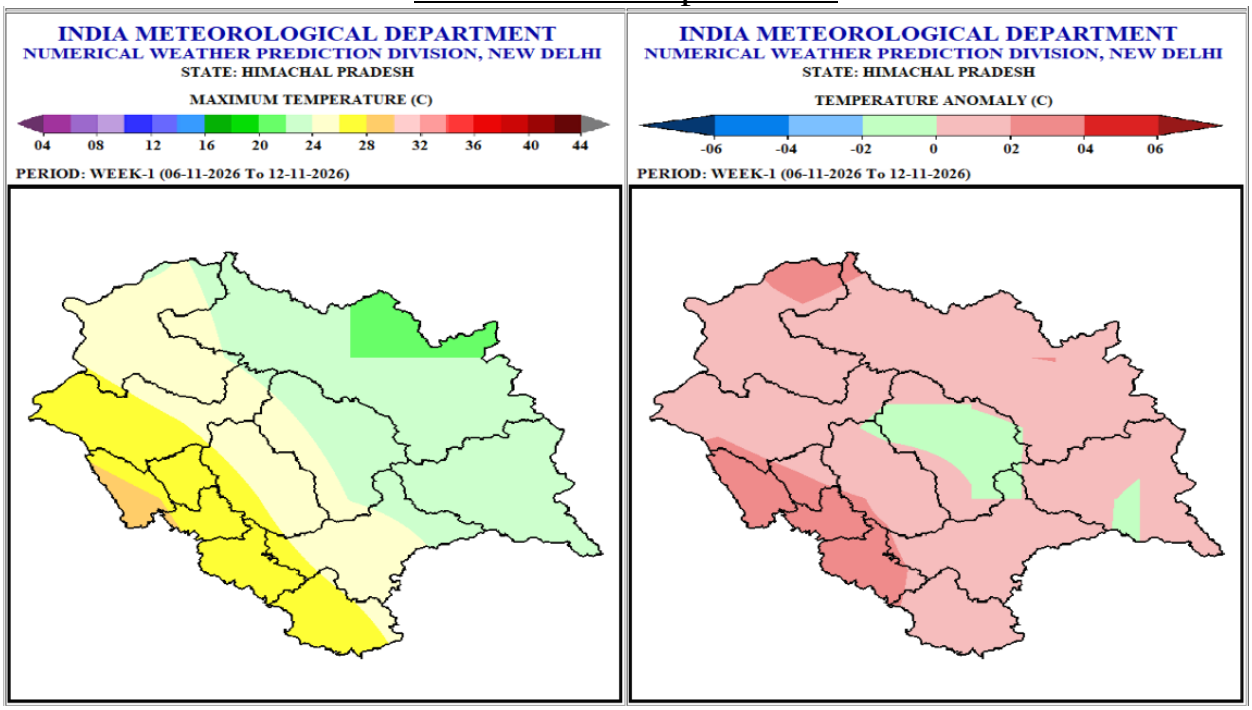

Week 1 (06th November to 12th November 2026)

Rainfall

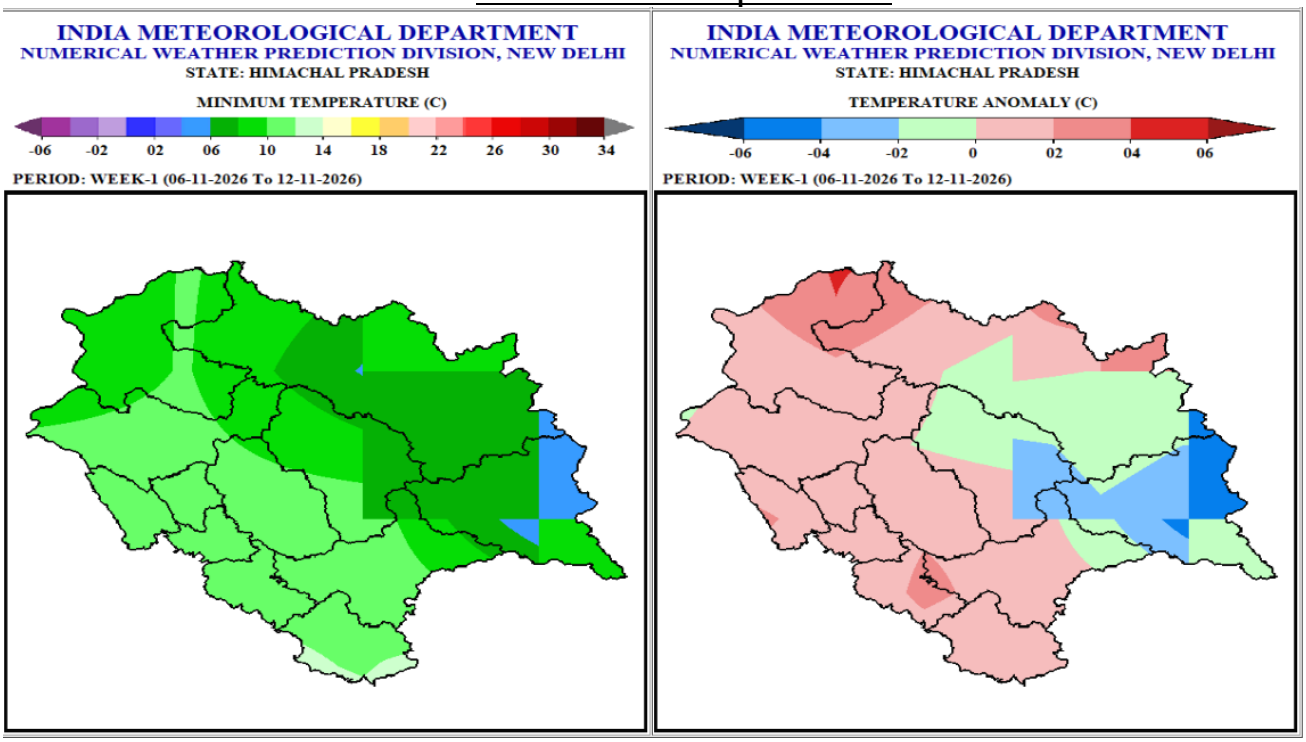

- Light rain/snow likely at isolated places over the state on 10th and 11th November 2026. Mainly dry weather likely to prevail over the state on remaining days of the week 1.
- Rainfall anomaly very likely to be normal over many parts of the state in the week 1.

Maximum Temperatures

- Maximum Temperatures very likely to be in the range of 10-18°C over many parts of the high hills; in the range of 20-28°C over many parts of the mid hills and in the range of 28-32°C over many parts of the low hills/plains during many days of the week 1.
- Maximum Temperatures very likely to be normal over many parts of the state; and above normal over most parts of Una, Bilaspur & Solan districts and over some parts of Hamirpur & Chamba districts in the week 1.

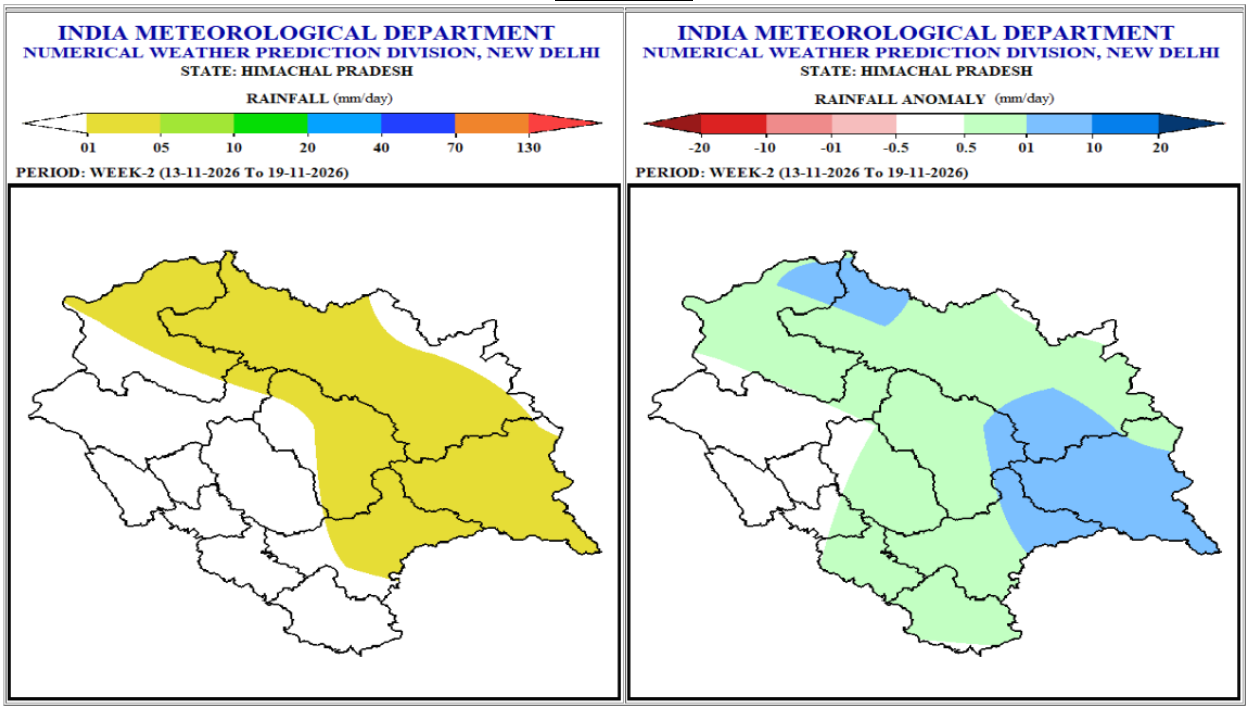

Minimum Temperatures

- Minimum Temperatures very likely to be in the range of 12-20°C over many parts of the low hills/plains; in the range of 10-16°C over many parts of the mid hills and in the range of -2 to 08°C over many parts of the high hills during many days of the week 1.
- Minimum Temperatures very likely to be normal over many parts of the state; above normal over some parts of Chamba, Lahaul-Spiti, Solan districts; below normal over some parts of Kullu district and below to appreciably below normal over some parts of Kinnaur district in the week 1.

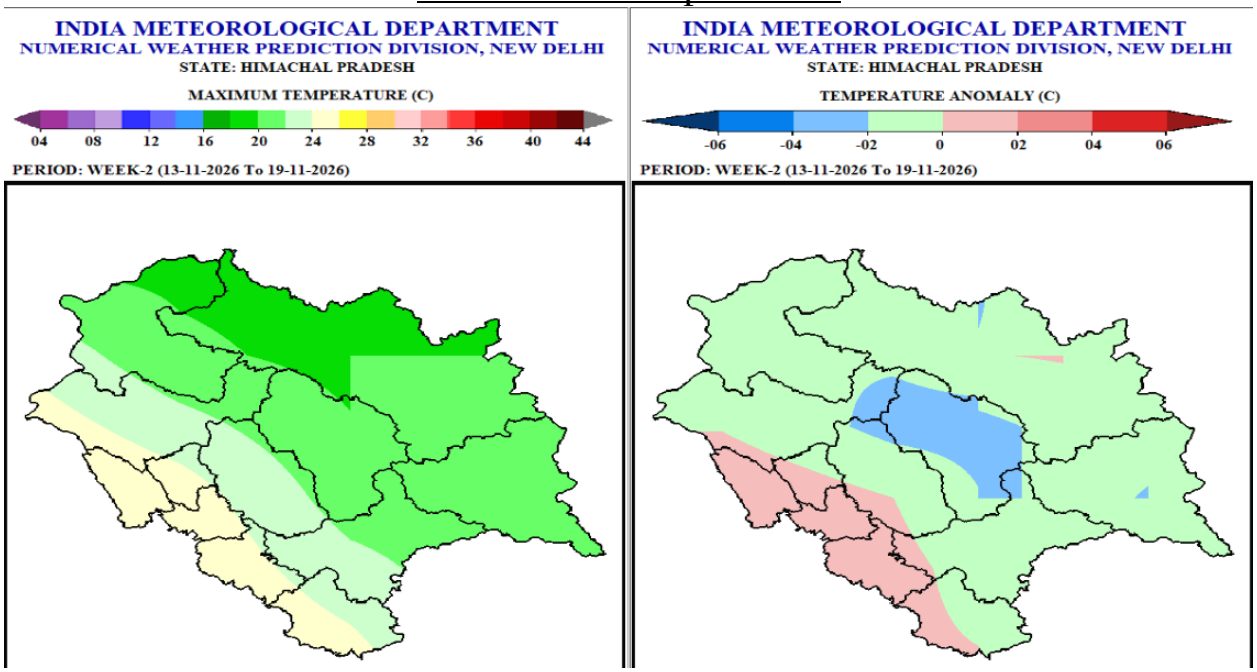

Week 2 (13th November to 19th November 2026)

Rainfall

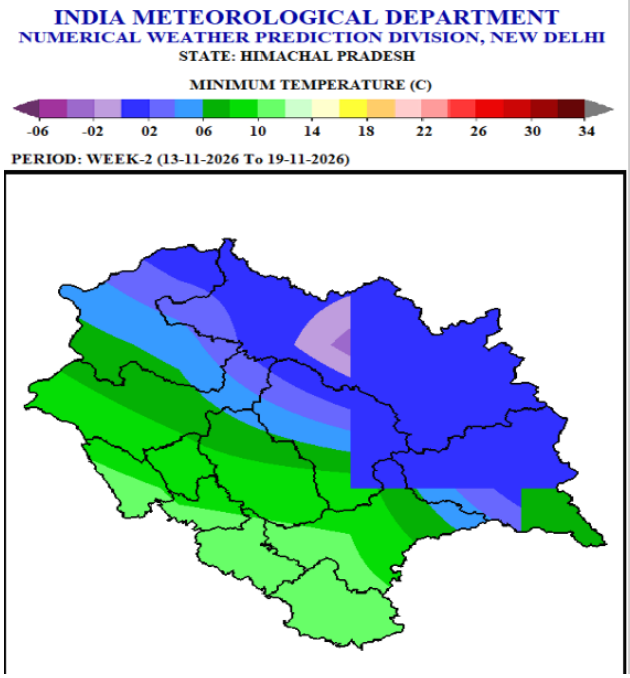

- Light precipitation likely at few places over high hill & adjoining mid hill areas of the state on some days of the week 2.
- Rainfall anomaly likely to be normal over many parts of the state and above normal over some parts of Chamba, Lahaul-Spiti, Kullu, Shimla districts and many parts of Kinnaur district in the week 2.

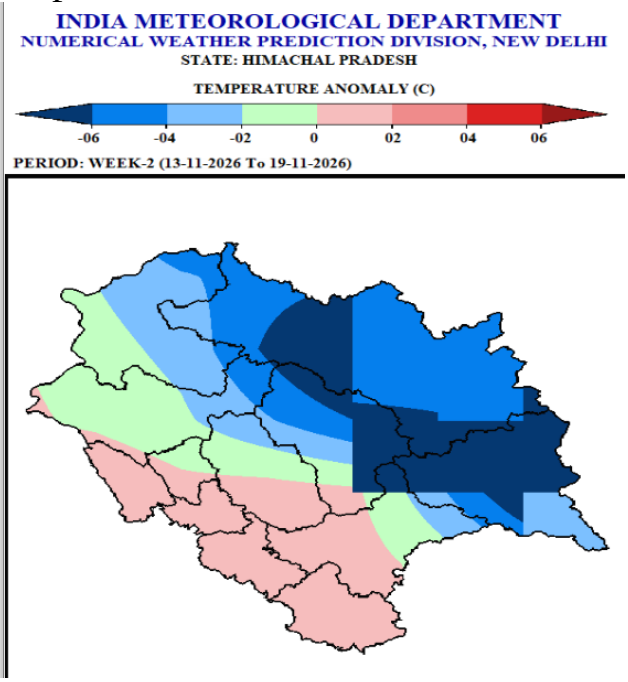

Maximum Temperatures

- Maximum Temperatures likely to be in the range of 12-18°C over many parts of the high hills; in the range of 20-30°C over many parts of the mid hills and in the range of 26-30°C over many parts of the low hills/plains during the week 2.
- Maximum Temperatures very likely to be normal over most parts of the state and below normal over many parts of Kullu district in the week 2.

Minimum Temperatures

- Minimum Temperatures are likely to be in the range of 10-12°C over many parts of the low hills/plains; in the range of 12-18°C over many parts of the mid hills and in the range of -02 to 10°C over many parts of the high hills during many days of the week 2.
- Minimum Temperatures likely to be normal over many parts of the low hills/plains & mid hills of the state; below to appreciably below normal over many parts of high & adjoining mid hills of the state and markedly below normal for some parts of Kinnaur, Kullu & Lahaul-Spiti districts in the week 2.
